

Thank you for your interest in our facility. Great Cats of Indiana is a 501-c-3 nonprofit sanctuary and rescue facility for big cats located in Idaville, Indiana. Our facility operates under licenses, permits and registrations issued by both the state of Indiana and the federal government.

Great Cats of Indiana provides a permanent, lifelong home to abused, unwanted, abandoned or displaced big cats and other large carnivores. Each of our animals has a unique, and often sad history. Some were abused and display physical traits that reflect their neglect. Others were simply unwanted. The one common denominator among all of the animals here is that they became homeless, and most faced the possibility of death before we became a part of their lives.

Visitors to our sanctuary experience an up close and personal encounter with some of the world's most magnificent and endangered species. They also experience a taste of the hard reality and dedication involved in running a sanctuary of this type, while learning how our organization is working to make a difference.

Animals Available for Adoption

(Please check your adoptee)

Never doubt that a small group of thoughtful, committed individuals can change the world . . .

Indeed, it is the only thing that ever has.

All of our residents need adopted friends to help make their lives a little better. As an adoptive friend, you can help make a difference in the lives of the animals you choose. Of course, adopting one of our animals does not mean you can take it home with you, but you will receive an adoption certificate, a photo and brief history of your animal and a pass that will allow you several free visits per year to see your adopted critter at our sanctuary. Adoptions are only \$50 per year. All adoption fees are applied directly to the needs of your adopted animal. **Please note that adoption passes are for the individual named only. Others visiting the adoptee will be charged normal admission fee.*
